CORRECTIONS

In my recent paper on the Stratiomyidae of Colorado and Utah (Jour. Kans. Ent. Soc., 9:33-48), there are two errors which I wish to correct. On page 34, couplet 4 of the key, "r-m", "R3", and "M1" should read "m-cu", "M3", and "Cu1". This is my error, not Mr. Hardy's, as this couplet was not included in this form in his key. On page 44, "**Odontomyia similis** Johnson" and its record should be deleted; this is a synonym of "**Labostigmina similis** Johnson", page 35.

Maurice T. James.
